Hello all,

Hope all is well.

To the public eye, 2025 may have seemed like a light year for the foundation. But operationally, it felt more like running a qualifying-time marathon. We revised inaugural processes and protocols, officially changed our name, and secured critical recognition from the Internal Revenue Service. We strive to learn, methodically adjust, and constantly seek to serve the full extent of our purpose. Though the foundation is still in its early stages, we're energized by the opportunities ahead.

In the coming year, we aim to continue building on the goals we set in 2024, with a focus on advancing **Project 2: Community Awareness** and **Project 3: Disaster Relief**. These efforts are designed to strengthen our impact and establish a more sustainable presence in the community. To help us move closer to that vision in 2026, we are prioritizing the following:

- **Expand our presence in Middlesex County** by organizing meaningful community events in partnership with local businesses.
- **Bridge my passion for running with the foundation's mission** by collaborating with other nonprofits to raise funds through charity bibs, supporting the economic backbone needed for long-term growth.
- **Continuing our search for a medical imaging student** to award **Project 1: Scholarship**, in partnership with Middlesex Community College and Regis College.
- **Develop an Elementary Back-to-School Program** to deliver vital resources and support to elementary schools across Middlesex County.

Looking ahead, our mission remains clear: to learn, grow, and serve. Every step forward brings us closer to establishing a foundation that can stand on its own, one that serves as a beacon of support, empowerment, and resilience in the community. We're eager to turn these aspirations into reality and are deeply grateful for the opportunity to make a difference in the lives of those we serve.

Happy New Year,

Carlos Barillas
